Hi Richard:

I hope this email finds you well. I just left you a voicemail but wanted to follow-up incase email is more convenient for you. I work with Aerotek, a national staffing and recruiting company, and I specifically handle our environmental business and sit here in Denver. Aerotek has largely impacted many natural disasters around the country to provide staff with remediation and clean-up. Some of these projects include: Hurricane Katrina, Hurricane Sandy, the BP Oil Spill, etc.

We have the capabilities to locally staff large quantities of Biologists, Environmental Scientists, Soil and Water Samplers, General Laborers, Operators, etc. I would like to chat with you a bit further our past performance in similar situations and how we can help. Please give me a call or let me know when will be a good time for you.

I look forward to hearing from you.

Best,

**Jody Ives**
